

Department of Engineering Education

Autumn 2019 Research Seminar Series

Join us! Fridays | 10:20 – 11:15 am | Bolz Hall 316

Leo Porter

UC San Diego – Associate Teaching Professor
(Computer Science and Engineering)

Cynthia Taylor

Oberlin College – Assistant Professor and
Associate Chair (Computer Science)

August 30

Title: “Peer Instruction in Computing Education”

Mary Juhas

Ohio State University
Associate VP, Ohio State ADVANCE

Caroline Crisafulli

Ohio State University
Director of Innovation, Ohio State ADVANCE

September 6

Title: “Entrepreneurship and Engineering
Education”

Christopher Ratcliff

Ohio State University – Lecturer (EED and FABE)

September 13

Title: “Exploring at the Intersections of
Community Engagement, Food Justice, and
Engineering Education”

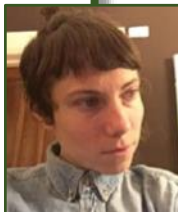

Ellen Foster

Purdue University – Postdoctoral Researcher
(Engineering Education)

September 20

Title: “Feminist Hacker and F/OSS Meetups to
Engineering Educators: Implications of Social
Movements in Technology for Change-Making
at the Level of Higher Education”

Jennifer Blue

Miami University – Professor (Physics)

September 27

Title: “What a Psychologist, an Engineer,
and a Physicist Learned About Engineering
Students”

Jessica Logan

Ohio State University – Assistant Professor
(EHE)

October 18

Title: “Designing and Managing Data
Collection and Analysis”

Lisa Lattuca

University of Michigan – Professor
(Higher Education)

October 25

Title: “What Does Systems Thinking Have
to Do with the Engineering Ecosystem?”

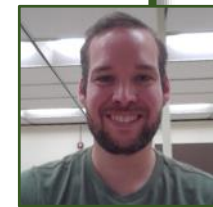

Paul Dean

Beechcroft High School
Math and Engineering Teacher

November 8

Title: “Engineering Education in Urban
Schools”

Walter Lee

Virginia Tech – Assistant Professor
(Engineering Education)

November 15

Title: “The Uphill Battle of Broadening
Participation”
