Things To Know

- Dr. James Geckler.6 is a Clinical Counselor with the Counseling and Consultation Service AND has a partial appointment with the College of Engineering. He is there to support our students so feel free to provide his contact information to your students.
- Crayola has a program called colorcycle where people can ship them colored markers of any brand and they will recycle them. If you have any, please leave them with the front desk!

Reminders

- Student asking you for permission to enroll in your 1181/1182 course? Send the student to Lisa Abrams.34. Here's why:
 - o Students who are in the College of Engineering pay an engineering course fee so they get priority for enrollment in ENGR 1181 and 1182. We do save seats for students who are not currently in the College of Engineering but they do fill up.
 - o New first year engineering students come to campus during the summer for Summer Orientation where they register for classes (and hear about Financial Aid, Residence Life, etc). We hold seats and then gradually release them so that all students, regardless if they sign up for Orientation in June or in late July, have about the same chance in getting a seat in ENGR 1181. That's why you may see a low number for the max enrollment for your section.
 - o Never give students permission to enroll in your class – regardless of when it is. You can send the students to Lisa. OR you can tell this student to get on the wait list and when a seat opens up, they will be automatically enrolled in the section that are waitlisted for. They can get on multiple sections' waitlists.
- Smith Lab Building Cleaning Schedule
 - Trash will be picked up in labs and offices on Tuesday ONLY IF THE DOOR IS OPEN
 - Trash will be picked up daily if you leave the buckets in the hallway.
 - Floors will be cleaned every Tuesday if the door is open (sometimes you have to request this)

- Have a potential news story?
 - [Submit Here](#)
- If you have a small project for one of our front desk student assistants, contact Ashley Fields (fields.306@osu.edu) who will assign the work requests. Please submit any requests at least a week in advance.
