Opportunities for Excellence

- Submit your abstract for the [49th Annual Frontiers in Education](#) (FIE) conference. Submissions may be related to graduate, undergraduate and pre-college education levels. The theme for 2019 is *Bridging Education to the Future*. FIE welcomes 3 paper types: 1) full papers up to 8-pages, 2) work-in-progress (WIP) papers up to 4-pages and 3) student poster papers (NEW) up to 2 pages. Each paper type should address one of the broad tracks of (1) innovative practice, (2) research-to-practice, and (3) research. WIPs are typically in frontier areas where the work is in an early/intermediate stage and authors are seeking feedback. Student poster papers require the first author to be a student. Additional information may be found on the [FIE 2019 Web site](#). Whether through a full paper, a work in progress, a panel, a special session, or a workshop, this is an opportunity to share your work with colleagues and learn about research from around the world. For specifics about abstract submission, visit <http://fie2019.org/pages/january-19th-submission-instructions>. A Call for Papers PDF reminder can be downloaded [here](#). If you are attending FIE for the first time or missed the 2018 conference and want to learn more, check out the event summary and proceedings on the [FIE 2018 website](#).
