

# EED WEEKLY EMAIL

DEPARTMENT OF ENGINEERING EDUCATION

Week of April 30<sup>th</sup>, 2018

## KEEN Announcements

1. Lawrence Technological University, in collaboration with The Kern Family Foundation, is hosting several ICE workshops for KEEN partners in 2018. ICE workshops feature activities and presentations covering the important aspects of EML, ACL, and PBL and how to integrate the pedagogies into your own courses. Participants may apply to receive up to \$2,000 plus a travel stipend. The next workshop is taking place March 5-8 in Tampa.
  - Dearborn MI, May 21-24
  - Baltimore, MD June 4-7
  - Denver CO, August 8-11
  - Register [Here](#)
2. Apply to host a 90-minute, activity-based workshop or present a 10-minute, high-quality KEEN Talk at the 2019 KEEN National Conference. Not only is this a great avenue to showcase your work, but you can also receive a discount for the conference. The application deadline is June 1.
  - [Apply and learn more](#)
3. You can easily publish and share your work on [EngineeringUnleashed.com](http://EngineeringUnleashed.com) using the cards feature. Card is our term for a container of content - it's where you can find curriculum, tools, presentations, and all sorts of resources. You can also find and search for content already shared on the site.

## Article of the Week (This week's water cooler talk – don't miss out!)

## New Announcements

1. Congratulations to Rachel Kajfez and the Toy Adaptation Program for the Emerging Community Engagement Award!
2. Effective May 1st, cost share requests are to be submitted via the [CoE Cost Share and GFA Funding Request](#) form online. The new, dual-function form facilitates both cost share requests (to Bobby Srivastava) and graduate fee authorization requests (to Dr. Latonia Stiner-Jones). As of May 1, any requests received by email or other means will be referred to this online form.
3. The American Association for the Advancement of Science (AAAS) will offer two 90-minute webinars about preparing proposals for the NSF Robert Noyce Teacher Scholarship Program. They will be delivered by NSF Program Officers
  - Track 4: Noyce Research only, May 1, 2018, 5:00 p.m. to 6:30 p.m. [Register](#)
4. The 2019-2020 Fulbright U.S. Scholar Program Core competition is now open. The Fulbright Scholar Program offers teaching, research or combination teaching/research awards in over 125 countries for the 2019-2020 academic year. Opportunities are available for college and university faculty and administrators, as well as for professionals and many others. Interested faculty and professionals are encouraged to visit the Catalog of Awards to learn about opportunities in the field of [Engineering](#) along with other fields.
  - The application deadline for most awards is August 1, 2018. U.S. citizenship is required. Grant lengths vary in duration; applicants can propose projects for a period of two to 12 months, as specified in the award description. [Flexible options](#) may also be available.

- If you have any questions, please feel free to contact the Office of International Affairs: Margo N. Lipps 614-688-5872 Office, [lipps.40@osu.edu](mailto:lipps.40@osu.edu)
5. Research Practitioner Partnership for those who are working on developing CS education in K-12. It focuses on partnerships engaging high school teachers. Deadline is May 9. Synopsis of Program:
- This program aims to provide all U.S. students the opportunity to participate in computer science (CS) and computational thinking (CT) education in their schools at the preK-12 levels. With this solicitation, the National Science Foundation (NSF) focuses on researcher-practitioner partnerships (RPPs) that foster the research and development needed to bring CS and CT to all schools. Specifically, this solicitation aims to provide high school teachers with the preparation, professional development (PD) and ongoing support that they need to teach rigorous computer science courses; preK-8 teachers with the instructional materials and preparation they need to integrate CS and CT into their teaching; and schools and districts the resources needed to define and evaluate multi-grade pathways in CS and CT.
